FOR SALE—A player piano in good condition for about half price. Terms to suit purchaser. Apply at the Anvil Herald office.

Little Gladys Fusselman gave a party to a number of her little friends Tuesday afternoon in celebration of her 9th birthday.

A. W. Hornung, the painter and paperhanger, is in D'Hanis this week. He is painting and papering the residence of Mrs. Regina Deckert at that place.

Mr. and Mrs. E. J. Murray are back from Mason where they were called on account of the serious illness and subsequent death of Mr. Murray's father.

Mrs. Ida B. Ferguson had as her guests over Thanksgiving Mrs. Clara Longquist, Miss Mamie Ross, Mr. John Ross, Miss Marguerite Longquist and Miss Lucille Ferguson.

The regular monthly meeting of the Hal Jones Post of the American Legion will be held at the Legion Hall next Wednesday night. All Legion members are urged to attend.

FOR RENT—To a good farmer, 50 acre field, 5 miles west of D'Hanis on main highway; must have good implements and team. Pasture and house with it. Joseph Courand, San Antonio, Texas.

Mr. and Mrs. John Brieden and son, Hugo, of San Antonio, and Mr. Joe Brieden of Castroville were visiting at Eugen Huesser's Tuesday.

From here they went to D'Hanis for a visit to relatives and friends there.

Mr. and Mrs. Louis Nienhoffer, Mr. and Mrs. Robert Nienhoffer and children and Herman Moebius and son, Ernest, of San Antonio and Alfred Kampik, of San Antonio, were guests of Mr. and Mrs. Willie Nienhoffer near Yancey last Sunday.

Dr. Bradley, father of the groom, Mr. and Mrs. Horace Bradley and little son, James Horace, Mrs. Frank Scott Cockrell and little son, Tommie, and Messrs. Mellif Lippold, Clinton Taylor and Morris Williams were among those from Hondo who attended the Bradley-Isom nuptials in San Antonio Wednesday.

Braulio Alonzo and two sons are in jail, and Henry Schuehle Jr. is nursing a couple of knife wounds in his shoulder and arm, the result of an altercation on the Schuehle farm Wednesday. Information as to the cause of the trouble is rather meagre, but it seems that the elder Schuehle and the elder Alonzo engaged in a dispute over an alleged debt, and the younger Schuehle and the younger Alonzos each were drawn into the fuss on the part of their fathers.

Owing to the fact that the knife in the hands of one of the Alonzos was a rather small one, Schuehle's wounds are by no means serious. An examining trial will be held this afternoon, the county attorney coming over from Devine to represent the state. The Alonzos are no strangers to the Medina county jail. In fact, their incarceration is somewhat of a home-coming to them, as they have been there before.

Hondo now has an up-to-date laundry, and another long-felt want is at the service of the people. The last finishing touches have been completed and probably before this issue of the Anvil Herald is in the hands of its readers, the first run of the laundry will be history. The laundry business is not new to Ray Jennings, the promoter, he having the greater part of his life been in some capacity connected with the business and is familiar with all the details and is capable of rendering first class service. The laundry is now an established fact and will doubtless prove a great convenience to our people.

The dinner served by the ladies of the Methodist church at the Rest Room last Tuesday proved a most agreeable affair. A very choice repast, partaken of by every one who could get there, was served, and all went away refreshed by the splendid meal and the consciousness that they had contributed to a most worthy purpose. The proceeds of the dinner, approximately \$160, will be used in furnishing the Methodist parsonage.

Carter & Bader, the Ford dealers, continue busy getting and delivering Ford cars to their customers. Cars have been delivered to the following parties since our last issue: Joe Sittre, Castroville, Miss Maud Allen, Hondo, Paul Oefinger, Quihi; Louis Gerdes, Sturm Hill; F. G. Muennink and R. W. Speece, Hondo, all touring cars.

Ford's "Tin Lizzies" are becoming quite an item in the railroad's income account. Five carloads of Fords were received at the local depot for the month of November—approximately thirty cars. And still Carter & Bader cannot supply the demand.

The Mexican youth, after being held in jail for several days, charged with purloining mail from mail boxes in the Yancey section and attempting to cash a check secured therefrom, was released from jail this week. Postal inspectors after looking into the matter considered the possibility of conviction under the evidence rather uncertain. The youth of the prisoner also militated in his favor.

GIVING THANKS.

For the hay and the corn and the wheat that is reaped,
For the labor well done and the barns that are heaped,
For the sun and the dew and the sweet honey-comb,

For the rose and the song, and the harvest brought home—

Thanksgiving! Thanksgiving!

For the trade and the skill and the wealth in our land,
For the cunning and strength of the workingman's hand,

For the good that our artists and poets have taught,

For the friendship that hope and affection have brought—

Thanksgiving! Thanksgiving!

For the home that with purest affections are blest,
For the season of plenty and well deserved rest,

For our country extending from sea to sea,

The land that is known as the "Land of the Free"—

Thanksgiving! Thanksgiving!

In response to the national request made by the United States Bureau of Education, in co-operation with the American Legion and the National Education Association the following program will be rendered on PATRIOTISM DAY, December 5th, 1922, at the auditorium at 7:30 p.m.

1. Song, "America," by the audience.

2. The Flag—the Emblem of Freedom, by W. N. Saathoff.

3. Song, Medley—

4. The Universal Use of the American Language in the United States, by J. L. Thomson.

5. Song.

6. Reading, Miss Bessie Brucks.

7. Citizens' Duty to Vote, by R. J. Noonan.

8. Song, "Star Spangled Banner," by the audience.

AMERICAN EDUCATION WEEK—

DECEMBER 3-9, 1922.

The following program as outlined by J. J. Tigert, U. S. Commissioner of Education, will be observed throughout the country for the week of December 3-9, 1922, known as American Education Week.

Sunday, December 3, 1922

For God and Country

1. Education in the Home.

2. Education in the School.

3. Education in the Church.

Slogan: A Christian Nation Can Not Fail.

Ministers of all denominations are requested and urged to preach a sermon on Education. Have a special program for the occasion. Let some of your lay members assist you in bringing the message to the people.

Monday, December 4, 1922

American Citizenship Day

The following program should be carried out by every school. The teacher should select some member of the board, or some members of the Parent-Teacher Association to lead:

1. Children Today; Citizens Tomorrow.

2. Naturalization for All Men and Women.

3. Help the Immigrants to Be- come Americans.

4. The Duties of Citizenship.

Slogan: Americans All by 1927.

Visit the Schools Today.

Tuesday, December 5, 1922

Patriotism Day

1. The Flag—the Emblem of Freedom.

2. Music as a Nation Builder.

3. Universal Use of the American Language in the United States.

4. The Citizen's Duty to Vote.

Slogan: Visit the Schools Today.

Patriotism is the Basis of a Happy

Nation.

It is suggested that Devine, Hondo, Castroville, LaCoste and D'Hanis have the program for this day in the evening. Elect some of your townspeople to address the citizenship. You may add to this program anything of interest for the occasion.

Wednesday, December 6, 1922

School and Teacher Day.

1. The Necessity of Schools.

2. The Teacher as a Nation Builder.

3. The School's Influence on the Coming Generation.

4. America as an Educated Nation.

Slogan: Visit the Schools Today. Better Trained and Better Paid Teachers, more Adequate Buildings.

Any community desiring to render the above program in the evening and desiring the assistance of speakers, if you will confer with Dr. W. H. Smith, Supt. W. N. Saathoff, Prof. J. D. Howell or Prof. A. B. Smith, they will gladly assist you in securing the speakers. You may add other matters of interest to this program.

Thursday, December 7, 1922

1. Illiteracy as a Blot on Our Nation.

2. No Illiteracy in 1927.

3. A Citizen's Duty Toward the Uneducated.

4. No Immigration Until America can Care for its Own and Those Who Have Adopted This as Their Native Land.

Slogan: Let every Citizen Adopt and Teach an Illiterate to Read and Write.

It is suggested that School Trustees make a survey of their respective districts and make a record of the foreign scholars (Mexicans) that can not read. If illiteracy is a curse to any country, then it is that to the individual too. If we expect to prosper we must educate ALL THE PEOPLE.

Friday, December 8, 1922

Equality of Opportunity Day

1. Equality of Opportunity in Education for Every American BOY and GIRL.

2. Needs of Rural Schools.

3. Consolidation.

Slogan: Visit the Schools Today. A SQUARE Deal for the Country Boy and Girl.

If any teacher or group of teachers prefer to render this program in their locality in the evening we will gladly assist by furnishing speakers. Instrumental and vocal music might be furnished by local talent.

Every rural community should strive to make this day a RED LETTER day. We must improve the environments of the rural boy and girl in order to keep them interested in RURAL LIFE.

Ahr-Droitcourt Wedding.

The wedding of Julius Ahr and Miss Alice Droitcourt took place last Tuesday morning at 9 o'clock, in the Catholic church at Lacoste, Rev. Huerselmeyer officiating. The attendants were Alvin Droitcourt and Miss Asela Haby. Edwin Ahr and Miss Hettie Droitcourt, Dan Biediger and Miss Annetta Droitcourt. After the ceremony at the church the party repaired to the home of the bride's parents, where a reception was held in their honor.

Poerner-Schott Wedding.

The wedding of Miss Lillie Schott, daughter of Mr. and Mrs. Emil Schott, and Arthur Poerner, son of Mr. and Mrs. John Poerner of Devine, took place Wednesday morning at 9 o'clock in the Catholic church, Rev. A. Heckman officiating. The attendants were Mrs. Raymond Schott, matron of honor, dressed in dark gray with hat to match, carrying a bouquet of rosebuds and white chrysanthemums; Henry Brieden and Miss Octavia Schott; Adolph Poerner and Dolphenia Schott, James Schott and Augusta Brieden. The bridesmaids were dressed in light blue taffeta with bead trimming and each carried white rosebuds and chrysanthemums. The bride was dressed in white satin trimmed in georgette and Spanish lace, and wore a wreath of orange blossoms and a veil which hung to the bottom of her skirt. She carried a shower bouquet of rosebuds and Calley lilies. The little flower girls were Misses Evelyn and Theodora Haby, nieces of the bride, and were dressed in white taffeta. The ring bearer was Miss Henrietta Keller of Devine, and was dressed in Salmon taffeta. After the ceremony at the church the party repaired to the home of the bride at Red Wing, where a reception was held and a dance at night given in their honor.

Mr. and Mrs. Poerner will make their home near Devine where the groom is in the stock-raising business.

Naegelin-Huesser Wedding.

A simple but pretty wedding took place in the Catholic church Monday morning at 7 o'clock when Miss Melonie Huesser, daughter of Mr. and Mrs. Joseph Huesser, became the bride of Edmund Naegelin, son of Mrs. Emily Naegelin, Rev. A. Heckman reading the marriage ceremony.

The attendants were Miss Emma Marty and Fritz Huesser. The bride was dressed in a lovely navy blue coat suit with hat, gloves and shoes to match. After the ceremony at the church a breakfast was given at the home of the bride's parents.

The couple left for San Antonio, where they will make their home.

Mr. Naegelin is interested in the Kauffman store in that city.

ROUND ABOUT THE HOME

CHRISTMAS CAKES AND MENUS.

By Helen H. Downing.

No Christmas in the home town is complete without attending the Christmas bazaars at the churches, candy booths in charge of the High School girls, and Christmas baskets for those less fortunate.

Many of us start months ahead to plan our gift list, then we eagerly start our embroidery and sewing. At the last minute there is always some one who has completely slipped our mind, and it is not always easy to choose a suitable gift in a hurry.

Food is always acceptable—the time taken in its preparation is always appreciated, and no gift can be made more Christmassy than a pretty box of cookies, or a carefully wrapped fruit cake. A book of menus and recipes for one who is just starting out in her home or even for a home manager of experience, is not only practical but most acceptable.

For this Christmas, I have suggested two menus and several recipes. If at any time, additional menu suggestions, recipes, or questions on table etiquette, are sent to the writer in care of this paper, they will be promptly answered.

At a recent Christmas sale of home-cooked foods, I was interested to note that the majority of people purchased cakes.

There were big cakes and little cakes, cakes of various sizes and shapes, chocolate and white, frosted and plain.

One of the women in charge of the sale, an excellent cook herself, reported that almost every other woman asked her why her cakes invariably bulged or raised more on one side than the other. Do you ever experience that in your cake-baking? This is often laid entirely to the fact that the oven was hotter in one place than another.

But, if the cake is light and a complete success aside from the shape, it would seem that the trouble in the shape was caused by the manner in which the dough was put in the tin.

When the mixture is complete, don't be in too great a hurry to put it in the oven. Take time to spread the batter evenly in the tin. It is very important that the batter be of the same thickness in the baking pan, if the baked cake is to be of uniform thickness throughout.

Of course, the uniformity of any baking is assured only by the use of foods of assured high quality and uniformity.

Most cake recipes call for too much baking powder. When the average housewife reads a recipe calling for one teaspoon baking powder to one cup of flour—she invariably uses one rounding. The result is her cake is not of the consistency and texture she desires. Use one teaspoon level of baking powder to one cup flour in these recipes and note the result.

The oven temperature should, of course, be even and at the proper degree for the kind of dish to be baked.

Let me live in a house by the side of the road,
Where the race of men go by—
They are good, they are bad,
They are weak, they are strong, wise foolish,
so am I.
Then why should one sit in the scioner's seat?
Or hurl the cynic's ban?
Let me live in a house by the side of the road,
And be a friend to man.

CALUMET

The Economy BAKING POWDER

Never accept "Just as Good" Brands; it will only mean disappointments and failures on bake-day, which are expensive.

Calumet is a High Grade Baking Powder, Moderate in Price

When you use it you never spoil any of the expensive ingredients used — such as flour, sugar, eggs and milk.

The sale of Calumet is 2 1/2 times as much as that of any other brand.

B. C. Wiemers was a business cal-
ler at this office yesterday and moved
his dates up a couple of notches and
at the same time enrolled on Farm-
ing's list of readers. Thanks! If
about five hundred more of our read-
ers would emulate Mr. Wiemers' ex-
ample between now and New Year
we would indeed have a Merry
Christmas and a Happy New Year.

John Heyen did not attend an Irish
wake, although his personal appear-
ance might lead one to that con-
clusion. The injury to his personal
beauty was received while he was
trying to encourage his car to go—
which sometimes proves a difficult
undertaking. He had jacked up the
rear wheel, and when the car con-
cluded to go it went right now. From
the accumulation of mud that had
collected from our recent rainy spell,
a clod flew off and struck Mr. Heyen
in an eye, inflicting an exceedingly
painful injury. However, it is not
thought the wounded optic will suffer
any permanent injury, and that as
soon as the bandage is removed he
will have his normal vision. This
mishap has caused him much suffer-
ing, which everyone hopes is about
over.

H. Hartman closed a prosperous
ten years' business career in Hondo
Friday when he sold out to Mr. Ol-
swanger and retired from this field.

Mr. Hartman says the severing of
business relations with the good people
of Medina county has caused him
pangs of regret, but he wishes to
change the character of his business,

which necessitates this change, and
that he will always look back to his
stay here as one of the most pleasant

epochs in his life. His successor in
the business is no stranger to our
people. He has been connected with

Mr. Hartman in the business here for
several years, is fully cognizant of

the wants of our people and will no
doubt serve them in his new capacity

as owner as satisfactorily as he did
while serving as the chief lieutenant

of the recent proprietor. The peo-
ple of Hondo welcome Mr. Olsvanger

into the business life of the town and
trust that he, too, will enjoy as pros-
perous a business career in his new

role as did his predecessor.

BADER-OEFINGER.

A wedding of more than passing
interest to a large number of people
of Medina county occurred at St.
John's Seminary, San Antonio, at 5
o'clock Tuesday afternoon when Miss
Lorine Oefinger became the bride of
Mr. Oscar Bader, Rev. Father Law-
rence FitzSimon officiating.

The union of this couple unites two of the most prominent
families of the county, the bride being
the daughter of Mr. C. A. Oefinger
of the Sturm Hill section, the groom
the son of Sheriff and Mrs. J.
F. Bader, and one of the prominent
young business men of Hondo.

The witnesses were Mr. Jesse Saat-
hoff and Miss Malinda Oefinger.

Immediately after the ceremony,
Mr. and Mrs. Bader left on a bridal
tour which will be spent in the Lower
Rio Grande Valley, Corpus Christi
and other gulf ports. They purpose
returning to Hondo between the 12th
and the 15th of December and will
make their home here, and where a
warm welcome awaits them from a
host of friends.

The Anvil Herald and a legion of
other friends offers felicitations and
best wishes for a long and unalloyed
happiness and prosperity.

FRERICHS-BROWN.

A very quiet wedding, witnessed
by only a few relatives and intimate
friends, was celebrated at the Lutheran
church last Saturday evening,
when Miss Hazel Brown became the
bride of Mr. Willie F. Frerichs, Rev.
G. E. Grueber, pastor of the church,
officiating.

While this wedding was not entirely
unexpected, it nevertheless took their
friends by somewhat of a surprise, as they did not suspect the
happy event was so near at hand.

Mr. and Mrs. Frerichs have tempor-
arily taken a suite of rooms at
Mrs. Harm Frerichs where they are
at home to their friends, and while
we are not advised, we presume they
will make their permanent home in
Hondo.

That nothing but happiness and
prosperity attend them in their jour-
ney down life's pathway is the ardent
wish of the people of Hondo among
whom the bride has grown to lovely
womanhood and the groom to sterling
young manhood.

Mr. Kyle Willis Bradley of Hondo
and Miss Alta Neva Isom were mar-
ried at the home of the bride's par-
ents in San Antonio Wednesday even-
ing at 6:30, in the presence of quite
a number of relatives and friends.

After a brief reception Mr. and
Mrs. Bradley left on the west bound
Southern Pacific for Del Rio, and
after a few days spent in the border
city will return and make their home in
Hondo. A more elaborate account
of this happy event will appear in
the next issue of the Anvil Herald,
prepared by one who had the good
fortune to be present at its culmina-
tion.

HONDO, TEXAS

CONTRACT TO BE LET.

After the long wait it will be good
news to the people of Medina coun-
ty to learn that the contract for our
section of the National Highway is
to be let. Bids for construction work
for 23.53 miles will be opened at
the County Judge's office here Tues-
day, December 12th, and the con-
tract awarded. This section of the
national highway includes the Cas-
troville and Hondo commissioners'
precincts, the D'Hanis stretch of the
highway is not included in the award
to be let on the 12th, that part of the
highway to be let at a little later
date—probably about January 1st,
1923.

The building of this highway is a
huge undertaking, and will consume
considerable time. Probably six
months will be required to complete
the contract to be let on the 12th, but
long before that time contractors
will be busy on the D'Hanis stretch
and it is possible that that part of
the road will be completed by the
time if not before the completion of
the Castroville-Hondo sections.

The building of this highway is
looked forward to by the people of
Hondo with great interest. It will
pass along South Front Street and
do for that part of the town what
the great work that is now in pro-
gress will do for North Front Street,
and will add much to the appearance
of the town.

The building of this highway
through Medina county will call for
the expenditure of hundreds of
thousands of dollars. If any of our
local people desire to take part in
the road building they should look
up the advertisement in today's pa-
per and get their bids ready.

AN AGED CITIZEN PASSES.

Mr. John W. Harris died early
Thursday morning of old age. His
body was shipped to Seguin Friday
for interment near that city.

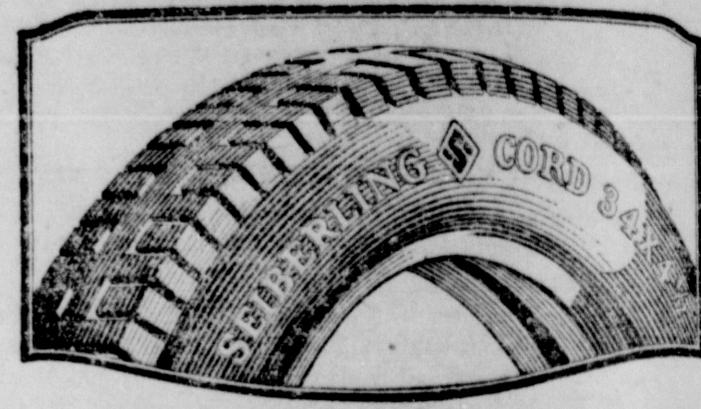

The deceased was 88 years, six
months and 19 days of age at the
time of his demise. He is survived
by his aged companion and one sister,
Mrs. Echols of Luling. He was
twice married and was the father
of five children, four by his first
marriage and one by his second. All
five of his children preceded him in
death, and the only blood relation
surviving him is a grandson, the son
of his youngest child, the late Frank
Harris. Four step-daughters sur-
vive. They are Mesdames Gwin of
Dallas, J. D. Brown of Seguin and
J. H. Henderson and J. G. Newton
of Hondo.

The remains were accompanied to
Seguin by Rev. A. M. Foster, Mr.
and Mrs. J. G. Newton and Mrs.
Frank Harris.

We have been promised an obitu-
ary for our next issue befitting the
long and honorable life of this aged

WONDERFUL WEATHER PRE- DICTIONS AMAZE THOUSANDS.

About forty years ago the Rev. Ir-
l R. Hicks discovered and worked out
for practical use an exact science in
weather forecasting. This science is
based on the equinoxes of the earth
and the planets, the movements of the
moon and planetary conjunctions.

Anually for thirty-five years
weather predictions based on this
science have been given to several
hundred thousand readers through
the medium of the Hicks Almanac,
now known as the St. Louis Weather
Book.

All the great hurricanes, torna-
does, cyclones and general weather
conditions during the past twenty-
five years were predicted to the ex-
act date, a year in advance. Thousands
write us yearly testifying to the
value of the predictions in this
Almanac and several hundred thou-
sands plan their work and business
activity by it each year.

You will want a copy of this Al-
manac for 1923. It has more than
168 pages, and is fully illustrated.

Send 45 cents to The Lincoln
Press, Publishers, 3403 Franklin
Ave., St. Louis, Mo., and they will
send you a copy parcel post paid.

NOTICE TO CONTRACTORS FOR STATE ROAD AND BRIDGE CONSTRUCTION.

Sealed proposals addressed to R. J.
Noonan, County Judge, for the im-
provement of certain highways in
Medina county will be received at
the office of County Judge at Hondo,
Texas, until 2:30 p. m., December 12,
1922, and then publicly opened and
read.

Description of Work to be Done.

Work to be done consists of clearing
and grubbing, excavation, con-
struction of drainage structures, and
placing of gravel surfacing, all under
standard specifications of the State
Highway Department, governing the
building of a gravel road. The road
will be 23.53 miles long and known
as Sections A and C of State Highway
No. 3 in Medina County. The pro-
posals to be submitted will cover
the entire 23.53 miles and will not
be let in sections. The County will
set aside cash funds for paying its
pro-rata share of the cost of the
above 23.53 miles and these funds
will be paid the contractor as long as
the money lasts. When these funds
are exhausted through payment of
monthly estimates, the contractor
thereafter must expect to wait until
the State Highway Department re-
leases from time to time its own
funds for this work.

Detail plans and specifications of
the work may be seen for examina-
tion and information obtained at the
office of the County Judge, Hondo,
Texas; also at office of Walton &
Arneson, Engineers, 418 Gunter
Bldg., San Antonio, Texas; and at
the office of the State Highway De-
partment, Austin, Texas.

A certified check for Five Thousand
and Dollars, made payable to R. J.
Noonan, County Judge of Medina
county, must accompany each pro-
posal as a guarantee that the bidder
if successful will enter in contract
and make bond in accordance with
requirements of the specifications.
The right is reserved by the party
of the first part to reject any and
all proposals or to waive technicali-
ties. Proposals shall be submitted
in sealed envelopes marked "Bids for
the Construction of County Road No.
3 in Medina County" and the bidder's
name shall be marked in the upper
left hand corner of said envelope.

All bids received will be retained
by the Department and will not be
returned to the bidders.

R. J. NOONAN,
County Judge, Medina County, Texas.

WOODMEN HAVE SANATORIUM.

Omaha, Neb.—The Woodmen of
the World, a national fraternal or-
ganization numbering 800,000 mem-
bers, and with a large membership
throughout Texas, has begun the
erection of a tuberculosis sanatorium
at San Angelo, near San Antonio,
Texas. This will be the first of four
such institutions for the treatment of
members to be built in different parts
of the United States, according to
W. A. Fraser, sovereign commander.

The selection of the site was a tribute
to the wonderful climate of Texas. Sites were offered in New Mexico, Arizona, North and South
Carolina, the two Virginias and New York. The board of directors of the
Woodmen investigated these sites and decided on the Texas location because of the mild, equable temperatures
of the country in the San Antonio district. The climate of this region with its dry, pure air and
perennial sunshine, is famous as one of the most healthful and delightful in the United States.

The sanatorium will be known as
"The Woodmen of the World War
Memorial Sanitorium" and will be in
honor of the members who made the
"supreme sacrifice" in the world war.
A monument to the dead heroes will
be erected on the grounds and will
be inscribed with the names of all
Woodmen who died for their country.

Detail plans and specifications of
the work may be seen for examina-
tion and information obtained at the
office of the County Judge, Hondo,
Texas; also at office of Walton &
Arneson, Engineers, 418 Gunter
Bldg., San Antonio, Texas; and at
the office of the State Highway De-
partment, Austin, Texas.

An administration building, resi-
dence for the chief medical officer,
and cottages for nurses and assistants
will form an attractive archi-
tectural group. A farm will be op-
erated in connection with the institu-
tion with a dairy, poultry yards
and gardens. The sanitorium will
be opened early in the spring.

"The Woodmen," said Mr. Fraser,
"have for years used the Texas State
sanitorium in caring for its members
afflicted with tuberculosis. Thirty-
six Woodmen are now in this institution.
Increased facilities have become
necessary and the society has
decided to build four tuberculosis
sanatoriums as well as a home for its
aged members and an orphanage for
its dependent children. Sites for the
three other proposed sanatoriums
have not yet been selected, but the
second one probably will be located at
Saranac Lake in the Adirondack
region of New York."

DEMONSTRATION TRAIN COMING.

A train load of specialists from the Agricultural and Mechanical College of Texas is now touring the immense farming area of Texas located on the Southern Pacific lines. On the train are hundreds of specimens of prize-winning exhibits of the range and field selected from the Dallas State Fair, Waco Cotton Palace and Houston Fair and Exposition. Pure bred cattle, hogs and poultry are also included in the exhibits. The train will arrive in Hondo December 5th, and will be here from 2 to 3 p.m.

Huge banners along the side of the special proclaim it to be the Southern Pacific-A. & M. College Agricultural Demonstration Train. As the train pulls into each scheduled stopping place, the engineer industriously toots his whistle for several minutes, never failing to draw large crowds of waiting farm people who have been expecting the arrival of the train.

As the train comes to a stop, prize-winning sheep, hogs and cattle of huge proportions are led into the open platform and speaking cars for inspection by the crowd during the lecture period. Here for a short time the purpose of the train is explained, the slogan of pure bred stock and scientific farming sounded, the doors are opened at a given signal and the interested visitors file through the long aisles of the train of Southern Pacific passenger coaches.

In one car may be seen a model dairy exhibit, including Jersey and Holstein prize milk producers. Ten gallons of milk a day is the record of these valuable animals. Either produces more than 600 pounds of butter fat a year. They are fed only on feed produced on the farms of Texas. Latest devices for the production and handling of milk are on display. A model dairy barn with many appliances is set up in the car, thousands of them are actually in use on the Southern Pacific lines, instructors state.

For the home an entire car has been filled with exhibits of clothing and canned foods selected along the Southern Pacific lines, produced by the girls' clubs of the A. & M. Extension Service under the direction of the county agents. A model kitchen in which an oil stove stands in shining comparison with a rusty cast iron stove of ancient vintage, and plumbing devices and metal-topped tables predominate is of exceptional interest. Many aids of value to the housewife are demonstrated in the car.

In the poultry car are prize-winning fowls of many breeds, each trying lustily to crow its loudest in acclamation of the slogan, "200 fowls to every farm." Scientific feeding tables with actual samples of the feed are on display. Brooders, incubators and watering pans are of much value to the chicken fancier, and breeder.

From the ensilage feeds of West Texas to the citrus fruit display of the Magic Rio Grande Valley is but a short step in the agricultural car. Here long and orderly rows of beautiful fruits, vegetables and field crops showing the great range of climate and production over the state. An interesting chart explains the intricate grafting of pecans necessary to produce certain varieties of the popular nut. Samples of corn produced by Farm Boys' clubs of the A. & M. College are also to be seen. Samples of Texas wheat and flour are shown. Charts explaining cotton grading, growth and pricing are on display. Here the lecturers stress the proper fertilization and cultivation of the soils and the selection of seeds. The use of modern labor saving tools facilitates such production, is implied by Southern Pacific and A. & M. College officials.

The wool and mohair industry so important in West Texas is given large space, with charts, photographs and actual specimens of the various wool-producing sheep. Texas is a leader in the industry, the specialists state. Success in sheep growing is ascribed to proper care of the animal and the selection of pure bred strains on which to build a flock. There are many points on the Southern Pacific lines which produce many thousands of pounds of wool and mohair yearly.

For the livestock growers many breeds of cattle and hogs are to be seen, including Hereford, Jersey, Red Poll and Shorthorn cattle and Poland China and Duroc Jersey hogs. Time, money and feed are wasted in raising scrub live stock, the instructors point out. With the same care that is given to a 100 pound razorback hog at fattening time, a pure bred may be turned out at a weight of from 250 to 700 pounds.

J. J. McGregor, Agricultural Agent, Southern Pacific Lines, and C. M. Evans, Livestock and Dairy Specialist, Texas A. & M. College, are in

charge of the train. The train will have visited 150 towns, traveled over 3,000 miles, and been viewed by over half a million people when the tour ends December 10th at College Station, Texas, home of the Texas A. & M. College.

BUT THE KINCHELOE SCHOOL CONTROVERSY.

uation I appealed to the State Superintendent for relief, and it was at this hearing that I got a favorable decision, as was reported about two weeks ago.

It is but fair to state that the validity of my contract was considered by both the County Board of Education and the State Superintendent. The question of my contract not being valid was ushered in when the County Superintendent declared he had never approved it. The Attorney General however, has ruled that my contract is a valid one and that to all intents and purposes the county superintendent had approved it, since he had in every way recognized me as a teacher of that school for a month.

In the early part of June a correspondence was begun between the trustees of Kincheloe School and me of my being employed as a principal of the school. After a principal of correspondence terms were agreed upon, and a contract signed by the three trustees and myself. The contract was signed by us in the early part of July and Supt. Saathoff came to his office for approval at the first of August. In my letter from the trustees, dated Aug. 2, this statement was made, "I have a teacherage." To this statement I made inquiry about the nature in the teacherage, and asked questions about renting second furniture in the vicinity of the school. My inquiries led them, they say, to suppose I had a desire that I would attend the institute.

But August 11, I wrote the trustees in unmistakable language that I had no family and would have board if I taught their school; that if they preferred a man a family that would occupy the teacherage it would be all right with them.

About five days later, August 16, I received a letter from them saying they did not consider the contract further binding on their side.

This was satisfactory with me, set about getting another school; before terms were agreed upon, received from the trustees a telegram which read thus: "Wire collect, you will contract to teach our school." I replied I would.

The date of the telegram was August 23, at the same date I received from the trustees a program of the institute and a notice that they had planned for school to open on Monday evening the institute. A few days later, about August 26, I wrote the trustees that I would attend the institute and come to D'Hanis Saturday noon following the institute and to school as they had planned. This letter was the last of our correspondence.

Saturday afternoon I was met at D'Hanis by the trustees and a board place provided. Monday morning the three trustees and several patrons met me at the schoolhouse with their children and seemed pleased. Some of them expressed themselves that way. So far as I am aware everything was satisfactory to the end of the month, which was September 29. To my surprise the next morning I was asked to resign. When I demanded reason for such request their response was "The Superintendent recommends it." Sunday morning the trustees got into an auto and made a house-to-house canvas for names of my resignation. I still refused to resign. Monday morning the trustees gave me a formal discharge containing the following:

MORE ABOUT THE S. P. DEMONSTRATION TRAIN.

The Southern Pacific-A. & M. College Agricultural Demonstration train will arrive in Hondo December 5, from 2 to 3 p. m. to bring the message of purebred livestock and scientific farm management to the citizens of this county, says J. I. McGregor, Agricultural Agent, Southern Pacific Lines, in direct charge of the tour he works in co-operation with A. & M. officials under the general supervision of C. K. Dunlap, General Traffic Manager, Houston, Texas.

In the 12 cars are to be found, officials state, every conceivable range and variety of farm products and purebred livestock, including the prize-winning displays from the Houston, Dallas and Waco Fairs. There are home economics, livestock, agricultural, wool, poultry, dairy, and many other interesting and educational exhibits, they add.

The exhibit is said to be the largest of its kind ever assembled in Texas, and will, it is hoped, bring home the message to farmers who have been unable to attend the fairs some knowledge of late methods in farming and livestock raising as fostered by the A. & M. College and its extension service, according to Mr. Dunlap, who has been instrumental in the securing of the exhibit for Texas demonstration purposes. He added that Texas is primarily an agricultural and livestock territory and that every method should be utilized to increase production of these products.

Notice, To Hunters!

We, the undersigned citizens of Medina County, have organized the Medina County Game Protective Association.

The object of this Association is to protect the game, to enforce the game laws generally, and also forbid trespassing on our lands.

Most of the counties north of here have already organized for this purpose and in those counties the game is increasing in number each year, while in this county it is decreasing, and will continue to decrease until we begin to enforce the law in regard to hunting out of season, and following the law regulating hunting in season.

The members of this Association wish to serve notice on the public that there will be no hunting allowed on any of our premises without written permit from the land owner or from whoever may be in charge of such premises.

This is for the protection of the land owners and also for the protection of the hunter who will respect the law.

There at present 22 members of this Association and we will employ two game wardens to look after this business and as the membership grows we will employ others. We ask all parties, hunters as well as land owners, to co-operate with us in the protection of game in Medina County.

On the first day of November the lands owned by the members of this Association will all be posted according to law, and any and all permits to hunt thereon heretofore issued are hereby cancelled.

MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is Child's Best Laxative

Hurry mother! Even a cross, sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A tea-spoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! you must say "California" or you may get an imitation fig syrup.

"Our Family Medicine"

I WILL WRITE you in regard to Black-Draught liver medicine, as I have been using it more than 18 years," says a letter from Mr. S. F. Mintz, of R. F. D. 2, Leland, N. C. "I keep it in my home all the time, for it is mostly our family medicine. When we begin to feel feverish or sluggish, with trouble from the liver or stomach, we take a dose of Thedford's Black-Draught and the trouble is soon over. I mostly buy a dollar package at a time, and it has saved me many a bill."

Thedford's Black-Draught is a

purely vegetable remedy, acting on the liver, stomach and bowels. It is made from selected herbs and roots, and contains no calomel or other mineral drugs.

It has been found of great value, in indigestion, stomach trouble, sick headache, constipation, and lazy liver, helping to relieve the symptoms caused by these troubles, and to put the digestive system into proper working order.

WHAT ABOUT OUR TEXAS AGRICULTURAL STATISTICS?

Reliable statistics about agriculture in Texas are most conspicuous by their absence. It is true that one can see almost every day figures about the average production of corn, cotton, wheat, etc., in the state, or the number of hogs in a certain county, or the amount of sweet potatoes produced in the state last year, or the average production dairy cows, in fact, almost any kind of figures one would want to find, but when you get to the bottom of the figures, their point of origin, you are more than apt to find one of three things.

1. The United States Census Report, which comes out once every ten years.

2. An estimate secured by sending a limited number of questionnaires concerning the production in question, to a few farmers, bankers and other business men in a given locality, the average of all answers reported being the basis of the estimate.

3. The fertile imagination of some of our more unscrupulous business men who require favorable statistics in their business.

The fact that the United States Census Report comes out once every ten years, makes it of little value in the development of agriculture, except as landmarks along its path. We have no figures of production that we can check year after year, to determine at the time which of our sections, or counties, are falling off in their production, or which are gaining. If we could find out, at the time, we could find the reason why, and either correct the evil, or profit by the good. If we do not know our average production, how are we going to tell whether that production is increasing or decreasing?

There are millions of idle acres in Texas, and if we had the figures to show, which would be absolutely reliable, what these lands by localities, are capable of producing, the prospective settler could, after knowing the cost of the land, cost of improvement, etc., figure out in cold figures whether he could make it pay, or whether it would break him. We have too many farm houses abandoned, and neglected as evidence of the failure of the farmer to know whether he could make it pay or not.

We have no statistics. The next question is, how are we going to get them? In Article 4443 of our State Laws, describing the duties of the Commissioner of Agriculture, of the State of Texas, in paragraph 11 and 12, appears as follows:

11. "He shall collect and publish statistics and such other information regarding such industries of this state and of other states as may be considered of benefit in developing the agricultural resources of this state; He shall cause a proper collection of agricultural statistics to be made annually; and, to this end, he shall furnish blank forms to the tax assessors of each county before the first of January of each year, including forms as to the acreage in cotton, grain and other leading products of this state, to be filled out by persons assessed for taxes, together with such instructions as will properly direct said assessor in filling them out. It is hereby made the duty of said tax assessor to return said blanks, with accurate answers, to the commissioner of agriculture on or before the first day of June following. It is further made the special duty of the said tax assessor to forward by registered mail to the commissioner of agriculture lists of the names and addresses of all ginners within their counties when asked to do so by the commissioner. It shall be the duty of the commissioner to furnish to every ginner blank forms for reports, which forms shall be filled out by said ginners as the commissioner may direct, and returned by them to the commissioner. In order to facilitate the collection and collation of accurate information concerning the various subjects treated of in this chapter, the heads of the several state departments, and of the state institutions, are hereby required to furnish accurately such information as may be at their command whenever called upon for same by said commissioner. In the prosecution of his work the commissioner is hereby empowered to enter manufacturing establishments chartered or authorized to do business in this state, and said corporations shall furnish such information as said commissioner may request of them."

12. "He shall make and publish such rules and regulations as he may deem necessary to carry into effect the provisions of this chapter."

The commissioner of agriculture is directed to collect and publish these statistics, but no penalty is made for failure of Tax Assessors to report this data. No provision is made for any compensation for them as a result of this extra work. That being

the case, we have a law, but it is inactive. If our next legislature should become cognizant of this fact it would, no doubt, amend this article so that the spirit of his law can be carried out.

If the Department of Education at Austin could be interested in this movement, they could help materially in getting these statistics together. If a blank form could be furnished a child from each farm represented in our schools, to take home, and with the assistance of its parents, fill out this form, return it to its teacher to be forwarded by the teacher to the Department of Education at Austin, then in collaboration with the Department of Agriculture at Austin, the results of this survey could be published. Such a survey could be made annually at little expense, and would give a fairly accurate condition of affairs on our Texas farms. Such a system is being used already in some of our more progressive neighboring states in the Union, along this particular line.

If you are interested in agricultural statistics, and every business man, banker, lawyer, doctor and farmer should be interested, for Texas is principally an agricultural state, point out to your congressman or representative the condition that now exists and request his help, and suggestions for remedying the present situation. By so doing we will be doing ourselves and our state greater service than we can at present know, but the benefits of which will keep going on and on to our prosperity.

(Her idea of how he would propose)
"When I look into your eyes, darling, a feeling of sublime ecstasy steals over me, benumbing my senses and consuming my very soul. Your glance is like a draught of delicious wine. The mellifluous words that flow from your lovely lips are to me as the gentle ripple of a mountain brook. Your every gesture enchants me with its graceful perfection. Will you be mine, darling? Will you allow me forever to bask in the effulgent sunshine of your presence?"

(How he proposed)

"Say, hon, you ain't bad. I seen lots worse. How 'bout it, kid?"

(Her idea of what her reply would be)

"Sir, though not insensible to the growing warmth of your feeling toward me, I feel that it would ill match the emotions of gratitude I feel toward my parents were I not to ask that you consult them and ascertain their wishes before venturing any confession as to my own heart. But I will be unmaidenly enough to admit that I am not entirely indifferent to your presence."

(What she said)

"Will I? Say, George, will a parrot eat sunflower seed?"

"Do you know what to do if the car should break down?" the thoughtful mother asked of the young man who was going to take her daughter out in his new speedster.

"Certainly," he answered.

The young people were quite late in returning. The fair young daughter rushed in to her mother and said:

"Oh, mama, the car did break down! But Jack knew exactly what to do. We—we are engaged!"

Next time ask for REDSKIN TUBES.

Catarrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness and that is by a constitutional remedy HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surface of the System. Catarrhal Deafness is caused by an infection of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, an result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh which is an inflammation of the mucous surface of the tube.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

DEVINE NEWSLETTERS.

From the Devine News.

Mr. C. F. Newman, contractor of Newman Bros., Kennedy, arrived in Devine Monday and began at once to stake off the ground for Devine's new \$12,000 auditorium. A good lot of the materials are on the ground and the other will be forthcoming at once. Mr. Newman was wanting local men to help do the work and said he would bring in only such men as he couldn't get here. The auditorium proposition has been on the hands of the school board since 1918 when the first batch of bonds were voted for \$8,000. Then it was thought that such sum would be ample large. Later the war came on and after the war it was found that \$8,000 wouldn't go far towards an auditorium and in 1921 we voted to raise the auditorium fund to \$12,000, and since this time the board has been trying to get the auditorium built for this money. The bonds were sold and the money has been lying in the bank drawing small interest all this time and we are now hopeful of an auditorium by spring.

Our teachers confidentially promised the county meet a new auditorium by April, when it is to come here, but we will have to move up pretty well if we have it complete by that time. Different rumors are current regarding prospects at Chicon Lake, on the Jungman lease. One report said a 100 barrel well was likely soon to be brought in. Others say the well is looking good, is being washed and will be put on pump. It is 1040 feet deep and may be the first real producer in the county to be brought in. It seems that the Christilles wells have not actually been put on pump as recently reported, though efforts are being made in that direction.

While dressing before the fire Saturday morning, Miss Marion Jennings' dress caught fire, and but for the immediate presence of the mother who put out the fire, it might have been very serious. As it was the young lady was burned rather painfully and the mother's hands also, in putting out the fire. Mr. Louis Biry and Miss Stella Love of the Biry community came over to the editor's home in Devine Tuesday evening and in a few short sentences were pronounced husband and wife in the presence of a few witnesses, including the bride's sister. The bride is a lovely daughter of Mr. and Mrs. Hugh Love, while the groom is a prosperous young merchant of Biry. They come of two old and respected families of Medina county, and The News joins a host of friends in wishing them success and happiness in life. After a short Thanksgiving honeymoon, they will be at home to their friends at Biry.

We regret to hear that Mrs. Sam Hardcastle of the Jay E. Adams ranch is seriously suffering from the effect of being gored last week by a mad bull. Two doctors have been in attendance and a trained nurse

is in charge. The gore was made on the side, but did not tear internally and at first was not thought to be necessarily dangerous.

W. B. Hamilton was in town yesterday from the Lilly well on the Chico Ranch, and said he was down 269 feet, with not a bit of water, but plenty oil sand and
